Research Grants/Funding

[Associated Medical Service \(AMS Healthcare\): Fellowship in Compassion and Artificial Intelligence](#)

Overview: AMS Healthcare is offering one-year fellowships of up to \$75,000 to early and mid-career academic researchers and regulated health care professionals to study and develop expertise/competence in the impact of DT/AI on compassionate care.

Funding Source	AMS Healthcare
Budget	<ul style="list-style-type: none"> \$75,000

[Associated Medical Services \(AMS Healthcare\): Patient’s Medical Home Grant](#)

Overview: Patient’s Medical Home Grants will support health care providers and/or an interdisciplinary team in undertaking a project aimed at optimizing caring and compassion.

Funding Source	AMS Healthcare
Budget	<ul style="list-style-type: none"> Three awards at \$4,000 each are available. The recipients will receive complimentary registration for FMF for the day they are receiving their award and up to \$1,500 each to offset travel and other expenses related to attending FMF.

[Associated Medical Service \(AMS Healthcare\): Phoenix Award Fellowship](#)

Overview: To provide ongoing support to the graduated AMS Phoenix Fellows and AMS/RNAO Fellows to advance their existing work. Activities should be aligned with promoting the education and practice of compassionate care, fostering models of compassionate care delivery led by existing fellows, and facilitating the leadership needed to realize the promise of technology while safeguarding compassionate, humanistic care in fast-evolving sectors.

Funding Source	AMS Healthcare
Budget	<ul style="list-style-type: none"> \$5000 per winner, with a total of \$75,000 pool available to win

[Associated Medical Service \(AMS Healthcare\): Postdoctoral Fellowship](#)

Overview: AMS Healthcare is offering two (2) one-year Postdoctoral Fellowship awards that provide a stipend of up to \$45,000 and a \$2,500 research and travel allowance.

Funding Source	AMS Healthcare
----------------	----------------

Budget	<ul style="list-style-type: none"> \$45,000 stipend + \$2500 research & travel allowance
--------	---

Associated Medical Service (AMS Healthcare): Small Grants in Compassionate Care & Artificial Intelligence

Overview: AMS Healthcare is offering grants of up to \$20,000 to early and mid-career academic researchers and regulated health care professionals to support research, knowledge translation and spread and scale activities related to the impact of DT/AI on compassionate care. .

Funding Source	AMS Healthcare
Budget	<ul style="list-style-type: none"> \$20,000

Brocher Foundation: Various: 1-3 month residencies, Summer Academy

Overview: The Brocher Foundation hosts 1 to 3-month residencies; researchers come from all over the world to write books, articles, essays and/or PhD thesis in an outstanding and peaceful environment that stimulates concentration.

Funding Source	Brocher Foundation
Budget	<ul style="list-style-type: none"> Undetermined

Canadian Association for Medical Education (CAME): MeLearner Health Professions Education Grant

Overview: The CAME Foundation Health Professions Education Grants support new and innovative scholarly projects in Health Professions Education that are not part of larger, formalized and funded education research programs.

Funding Source	Canadian Association for Medical Education (CAME)
Budget	<ul style="list-style-type: none"> \$5,000

Canadian Association of Emergency Physicians - Various

Overview: 1 grant will be awarded to a research project pertaining to the evaluation of an innovative educational program of relevance to emergency medicine

Funding Source	Canadian Association of Emergency Physicians (CAEP)
Budget	<ul style="list-style-type: none"> \$5000 or \$2500

[Canadian Association of Medical Educators \(CAME\): Wooster Family Grant in Medical Education](#)

Overview: Opportunities for peer-reviewed grant support in Health Professions Education are limited. Learners and faculty at all stages, who have new projects, are particularly challenged in obtaining support. These grants support new and innovative scholarly projects in Health Professions Education that are not part of larger, formalized and funded education research programs. There will be four different grants aimed at supporting different groups.

Funding Source	Canadian Association of Medical Educators (CAME)
Budget	<ul style="list-style-type: none"> The maximum available funds per application are \$5000, which can be spread over 12 months of support. There is a maximum of \$20,000.00 in funds across the four grants. Funding will be awarded to one or more applicants (within each grant) at the discretion of the CAME Grants Committee. The committee reserves the right to not fund any projects in any given year.

[CIFAR Azrieli Global Scholars Program](#)

Overview: The CIFAR Azrieli Global Scholars program recruits new members annually, for a two-year term.

Funding Source	CIFAR
Budget	<ul style="list-style-type: none"> \$100,000

[CIHR Banting Post-Doctorate Fellowship](#)

Overview: These awards aim to attract and retain top-tier talent, both nationally and internationally, to develop their leadership potential and to position them for success as research leaders of tomorrow, positively contributing to Canada's economic, social, and research-based growth through a research-intensive career.

Funding Source	Canadian Institutes of Health Research (CIHR)
Budget	<ul style="list-style-type: none"> \$70,000 per year for 2 years

[CIHR Doctoral Research Award: Doctoral Foreign Study Award \(DFSA\)](#)

Overview: The Doctoral Foreign Study Award (DFSA) program supports high-calibre students engaged in doctoral programs in all academic disciplines who are pursuing a doctoral degree in a health-related field abroad.

Funding Source	Canadian Institutes of Health Research (CIHR)
Budget	<ul style="list-style-type: none"> \$35,000 per year for 3 years

CIHR Fellowship (Post-Doc)

Overview: Fellowships provide support for highly qualified applicants in all areas of health research at the post-PhD degree or post-health professional degree stages to add to their experience by engaging in health research either in Canada or abroad.

Funding Source	Canadian Institutes of Health Research (CIHR)
Budget	<ul style="list-style-type: none"> Up to \$60,000 per year for up to 5 years

CIHR Frederick Banting and Charles Best Canada Graduate Scholarships Doctoral Awards

Overview: The objective of the Canada Graduate Scholarships – Doctoral (CGS D) program is to promote continued excellence in Canadian research by rewarding and retaining high-calibre doctoral students at Canadian institutions. By providing support for a high-quality research training experience to awardees, the CGS D program strives to foster impacts within and beyond the research environment.

Funding Source	Canadian Institutes of Health Research (CIHR)
Budget	<ul style="list-style-type: none"> \$35,000 per year for 3 years

CIHR Project Grant: Catalyst Grant : Quadruple Aim and Equity

Overview: The Quadruple Aim is centred on four overarching goals to redesign health care systems: improve the patient experience of care; improve the health of populations; improve the health care provider experience; and improve value for money.

Funding Source	Canadian Institutes of Health Research (CIHR)
Budget	<ul style="list-style-type: none"> \$100,000 per year for 1 year

CIHR Project Grant: Fall/Spring 202X Grants

Overview: The Project Grant program is designed to capture ideas with the greatest potential to advance health-related fundamental or applied knowledge, health research, health care, health systems, and/or health outcomes. It supports projects or programs of research proposed and conducted by individual researchers or groups of researchers in all areas of health.

Funding Source	Canadian Institutes of Health Research (CIHR)
Budget	<ul style="list-style-type: none"> Depends on the research area

CIHR Project Grant: Reviewer in Training Program (RiT)

Overview: The RiT program offers Early Career Researchers (ECRs) a learning opportunity to gain a better understanding of the elements of high quality review and the peer review process through direct participation in the Project Grant competition with the support of a Mentor. RiT participants will be assigned three applications to conduct practice reviews, attend the peer review meeting, present one of their reviews, and participate in the committee discussion of their assigned applications.

Funding Source	Canadian Institutes of Health Research (CIHR)
Budget	<ul style="list-style-type: none"> Not a monetary award.

CIHR Vanier Canada Graduate Scholarships

Overview: "Considers three equally weighted selection criteria: 1) Academic Excellence, 2) Research Potential, and 3) Leadership"

Funding Source	Canadian Institutes of Health Research (CIHR)
Budget	<ul style="list-style-type: none"> \$50,000 per year for three years

CIHR/NSERC: Canada Graduate Scholarships - Master's Program

Overview: The CGS M program provides financial support to high-calibre scholars who are engaged in eligible master's or, in some cases, doctoral programs in Canada

Funding Source	Canadian Institutes of Health Research (CIHR)
Budget	<ul style="list-style-type: none"> \$17,500 for 12 months, non-renewable

College of Family Physicians of Canada: Scholarly Work in Family Medicine Education Grant

Overview: Must be a family physician

Funding Source	College of Family Physicians of Canada
Budget	<ul style="list-style-type: none"> \$10,000

Continuing Health Sciences Education (CHSE) Program Research and Innovation Fund

Overview: To promote CHSE scholarly activities with a focus on research, innovation, and overall program evaluation.

Funding Source	Continuing Health Sciences Education (CHSE)
Budget	<ul style="list-style-type: none"> Total amount available for funding changes yearly divided among 3 successful proposals. Approval by a research ethics board must be received before funds will be released.

[eCampus Ontario Virtual Learning Strategy \(VLS\)](#)

Overview: 4 Areas: Digital Content, Digital Capacity, Digital Fluency, Digital Delivery

Funding Source	eCampus Ontario
Budget	<ul style="list-style-type: none"> Up to \$50,000 US over 2 years

[Gordon and Betty Moore Foundation: The Development of Clinical Quality Measures to Improve Diagnosis](#)

Overview: The purpose of this funding opportunity is to provide assistance in the form of grants for the development of innovative clinical quality measures (defined in Appendix B) that promote excellence in diagnosis of three categories of disease – acute vascular events, infections and cancer.

Funding Source	Gordon and Betty Moore Foundation
Budget	<ul style="list-style-type: none"> \$500,000 over 18 months

[MacPherson Institute Priority Areas for Learning and Teaching \(PALAT\) Grant](#)

Overview: This grant is for projects that demonstrate a clear connection to at least 1 or more of the following research areas [found in selection].

Funding Source	The MacPherson Institute
Budget	<ul style="list-style-type: none"> Up to \$4000

[MacPherson McMaster Experiential Learning in Academic Programming \(ELAP\) Grant](#)

Overview: The MacPherson Institute encourages educators and staff with an experiential learning initiative or idea to apply for the Experiential Learning in Academic Programming

Funding Source	The MacPherson Institute
Budget	<ul style="list-style-type: none"> Up to \$4000

(ELAP) Grant in either the Course/Program-Level Implementation or Capacity-Building Initiatives stream.

McMaster Faculty of Health Sciences (FHS) Michael G. DeGrootte Fellowship Award in Clinical Research

Overview: The Michael G. DeGrootte Fellowship Awards are an opportunity for excellent postdoctoral candidates to pursue top-level research training. First awarded in 2008, the awards provide funding to research-intensive individuals looking to further their academic career in the Faculty of Health Sciences at McMaster University.

Funding Source	McMaster Faculty of Health Sciences
Budget	<ul style="list-style-type: none"> • "\$50,000 • (\$40,000 grant + \$10,000 from the supervisor)"

McMaster/Mitacs: Mitacs Accelerate Program

Overview: Mitacs Accelerate offers short and long-term funding internships for master's students, PhD candidates, and postdoctoral fellows. Projects can range from a 4-month period to multi-year, multi-institutional, and multi-applicant engagements. Recipients can also access professional development training that helps them ensure project success and gain in-demand career skills. Interested applicants can apply for the Accelerate program at any time. Please see the Mitacs website for Accelerate program guidelines.

Funding Source	McMaster/Mitacs
Budget	<ul style="list-style-type: none"> • Funding starts at \$15,000

McMaster Postgraduate Medical Education Research Grant

Overview: This grant is offered to all postgraduate learners registered with the PGME office from all programs at McMaster University (Faculty members may not apply) who are seeking funding for scholarly research projects related to medical education.

Funding Source	McMaster
Budget	<ul style="list-style-type: none"> • Max. of \$5,000

McMaster Regional Medical Associates (RMA) Scholarship Fund

Overview: Applications are invited for Regional Medical Associates (RMA) Scholarships to support original research carried out by registered postgraduate trainees of the Faculty of Health Sciences, McMaster University:

Funding Source	McMaster
Budget	<ul style="list-style-type: none"> • Max. of \$7,500

McMaster: Resident Affairs - Networking

Overview: This grant is available to residents and fellows. The grant funds are to be used to assist learners with the financial cost to host events which offer the chance to relax and unwind from the rigorous challenges of residency.

Funding Source	McMaster
Budget	<ul style="list-style-type: none"> • Up to \$400

Medical Council of Canada (MCC): Research in Clinical Assessment

Overview: The purpose and priorities of the 2020 competition are the encouragement of innovations in the assessment of clinical competence or performance of students, postgraduate trainees or practitioners. Priority will be given to proposals that show promise in contributing to the knowledge and understanding of measurement in clinical assessment and to clinical program evaluation methods for medical education. The proposal must focus on research, not development, in the assessment of performance or clinical assessment.

Funding Source	Medical Council of Canada (MCC)
Budget	<ul style="list-style-type: none"> • The duration of the project must be no more than 12 months in length. • The start date of the project must fall between certain dates.

Ministry of Colleges and Universities: Early Researcher Awards (ERA)

Overview: The Early Researcher Awards (ERA) program was established to help institutions and their promising, recently appointed, Ontario-based researchers build research teams of

graduate students, undergraduates, post-doctoral fellows, research associates and technicians.

Funding Source	Ministry of Colleges and Universities
Budget	<ul style="list-style-type: none"> The ERA program will fund up to \$100,000 for eligible direct costs and up to \$40,000 for eligible operating costs, for a maximum of \$140,000. The Researcher's Institution must match an additional \$50,000 in funds for eligible direct costs.

[National Board of Medical Examiners \(NBME\): Edward J. Stemmler Medical Education Research Fund](#)

Overview: Supporting researchers in their work to develop innovative approaches for the assessment of medical education.

Funding Source	NBME (National Board of Medical Examiners)
Budget	<ul style="list-style-type: none"> \$150,000 up to 2 years

[National Board of Medical Examiners \(NBME\): Stemmler Fund](#)

Overview: The goal of the Stemmler Fund is to provide support for research or development of innovative assessment approaches that will enhance the evaluation of those preparing to, or continuing to, practice medicine. Expected outcomes include advances in the theory, knowledge, or practice of assessment at any point along the continuum of medical education, from undergraduate and graduate education and training, through practice. Pilot and more comprehensive projects are both of interest. Collaborative investigations within or among institutions are eligible, particularly as they strengthen the likelihood of the project's contribution and success.

Funding Source	National Board of Medical Examiners (NBME)
Budget	Please refer to the website for further details.

[New Frontiers: Horizon Global Platform Competition](#)

Overview: The objective of the International stream is to support international research collaborations and position Canada and Canadian researchers as strategic partners at the international level.

Funding Source	Government of Canada
Budget	<ul style="list-style-type: none"> Max. \$125,000 per year per project, up to 4 years

New Frontiers in Research Fund (NFRF): Exploration Competition

Overview: The goal of the Exploration stream is to inspire high-risk, high-reward and interdisciplinary research. Exploration stream grants support projects that bring disciplines together beyond traditional disciplinary or common interdisciplinary approaches; propose to explore something new, which might fail; and have the potential for significant impact.

Funding Source	Government of Canada
Budget	<ul style="list-style-type: none"> Up to \$125,000 per year for up to 2 years

NFRF Transformation Fund

Overview: The objective of the New Frontiers in Research Fund (NFRF) Transformation stream is to support large-scale, Canadian-led interdisciplinary research projects that address a major challenge with the potential to realize real and lasting change. The challenge may be fundamental, leading to a scientific breakthrough, or applied, with a social, economic, environmental or health impact. Projects are expected to be world-leading, drawing on global research expertise, when relevant.

Funding Source	New Frontiers in Research Fund (NFRF)
Budget	<ul style="list-style-type: none"> "Min: \$2 million Max: \$4 million"

NSERC: Undergraduate Student Research Awards

Overview: USRAs are meant to nurture your interest and fully develop your potential for a research career in the natural sciences and engineering. They are also meant to encourage you to undertake graduate studies in these fields.

Funding Source	NSERC
Budget	<ul style="list-style-type: none"> \$6,000

Ontario Medical Students Association (OMSA): Medical Student Education Research Grant (MSERG)

Overview: "In keeping with the goals of OMSA, the Open MSERG will fund medical students engaged with university faculty to perform research with a focus on medical education."

Funding Source	Ontario Medical Students Association (OMSA)
Budget	<ul style="list-style-type: none"> Nine \$5,000 awards

Ontario Research Fund (ORF): Research Excellence Program - Round 11

Overview: The fund provides up to one third of the total value of a project, with the remaining two thirds coming from a combination of private sector and institutional contributions.

Funding Source	Ontario Research Fund (ORF)
Budget	<ul style="list-style-type: none"> \$500,000 to \$2M, 1-5 years

Phil R. Manning Research Award in Continuing Professional Development

Overview: This grant is made in the name of Phil R. Manning, MD, Paul Ingalls Hoagland Hastings Professor of Continuing Medical Education and Professor of Medicine Emeritus at the Keck School of Medicine, University of Southern California. Dr. Manning was the founding president of the Society for Academic Continuing Medical Education, formerly the Society of Medical College Directors of Continuing Medical Education. He was a governor, regent, and vice president of the American College of Physicians and served on several educational committees of the American College of Cardiology. Dr. Manning was co-editor of *Medicine: Preserving the Passion in the 21st Century* and authored many peer-reviewed publications.

Funding Source	Society for Academic Continuing Medical Education (SACME)
Budget	<ul style="list-style-type: none"> Up to \$50,000 US over 2 years

Physician Services Incorporated (PSI) Foundation: Educational Fellowship for Practicing Physicians (outside of Hamilton)

Overview: This fellowship is directed at physicians in Ontario, particularly those residing outside of the teaching centres, who wish to take a period of training to bring a needed clinical skill or knowledge to the community or to undertake training in research methodology. The fellowship provides course fees, if any, transportation, room, and board costs. Funds are not provided to replace income lost while undertaking a training program and the program is not designed to assist physicians taking refresher courses. Applications will be considered for support of physicians who have undertaken training courses that commenced up to three months prior to the time the application is considered.

Funding Source	Physician Services Incorporated (PSI) Foundation
----------------	--

[Physician Services Incorporated \(PSI\) Foundation: Health Research Award](#)

Overview: Funding is available for support of research designed to assess the post M.D. educational environment such as curricula, methods, and teaching resources. Funding is up to a maximum of \$100,000 per year, for a maximum of two years.

Funding Source	Physician Services Incorporated (PSI) Foundation
Budget	<ul style="list-style-type: none"> Up to a maximum of \$100,000 per year is available, for a maximum of two years.

[Physician Services Incorporated \(PSI\) Foundation: Healthcare Research by Community Physicians](#)

Overview: To assist physicians practicing in a community setting to undertake a review of their practice patterns which would enhance effectiveness of practice and patient care in their own clinic, hospital, or region.

Funding Source	Physician Services Incorporated (PSI) Foundation
Budget	<ul style="list-style-type: none"> Up to \$250,000 over 3 years (max of \$100,000 in one year)

[Physician Services Incorporated \(PSI\) Foundation: New Investigator](#)

Overview: Open to Clinical Fellows or physicians within 5 years of their first academic appointment

Funding Source	Physician Services Incorporated (PSI) Foundation
Budget	<ul style="list-style-type: none"> Up to \$300,000 for a maximum of three years

[Physician Services Incorporated \(PSI\) Foundation: New Investigator Research Grant](#)

Overview: Funding is available for support of research designed to assess the post M.D. educational environment such as curricula, methods, and teaching resources. Funding is up

Funding Source	Physician Services Incorporated (PSI) Foundation
Prize	<ul style="list-style-type: none"> Up to \$250,000 for a maximum of three years (maximum \$100,000 in any one year).

[Physician Services Incorporated \(PSI\) Foundation: Research Trainee Award](#)

Overview: The primary aim of this fellowship is to provide highly qualified Medical Doctors (M.D.) with clinically applicable research training opportunities and support. Applicants must be an M.D. in a Ph.D. or MSc. Program at an Ontario university or in a combined M.D./Ph.D. or MSc. Program at an Ontario university.

Funding Source	Physician Services Incorporated (PSI) Foundation
Budget	<ul style="list-style-type: none"> Max. \$25,000 per year for 2 years. Sponsoring institution must fund 50% of the amount requested from PSI.

Physician Services Incorporated (PSI) Foundation: Resident Research

Overview: "Resident Research Grants are concise health research projects, which have been largely developed by the Resident. The majority of the work involved in completing the research must be done by the resident who will be referred to as the Principal Investigator of the project. The project must be supervised by a physician with an academic appointment. To be eligible to apply for a Resident Research Grant, the Resident must have PGY status as per the College of Physicians and Surgeons of Ontario. The restriction whereby PSI will not consider applications for research within the areas of cancer, and heart and stroke does not apply to resident research projects."

Funding Source	Physician Services Incorporated (PSI) Foundation
Budget	<ul style="list-style-type: none"> Up to \$30,000, up to 2 years

Physician Services Incorporated (PSI) Foundation: Salary Support: PSI Graham Farquharson Knowledge Translation Fellowship

Overview: The PSI Graham Farquharson Fellowship is intended to provide salary support for a new investigator who has demonstrated the ability to successfully complete high impact knowledge translation research. The Fellowship funds, dedicated to salary support, must protect at least 50% of the Fellow's time to conduct such research.

Funding Source	Physician Services Incorporated (PSI) Foundation
Budget	<ul style="list-style-type: none"> 1) Max \$150,000 per year for 2 years or 2) Max. \$100,000 per year for 3 years"

Population Health Research Institute (PHRI): Partnership Program – Transforming Tomorrow Today

Overview: Eligible candidates can be doing research of clinical or population relevance, including translational themes, in any discipline, and must be faculty at McMaster University and/or privileges at HSS or St. Joseph's Healthcare Hamilton.

Funding Source	Population Health Research Institute (PHRI)
----------------	---

Budget	<ul style="list-style-type: none"> Up to \$200,000 per year for 3 years
--------	--

[Royal College/Associated Medical Services CanMEDS Research Development Grant](#)

Overview: Announcing the call for applications to the Royal College / AMS CanMEDS grant competition. In partnership with the AMS Phoenix Project, we aim to fund projects that leverage the 2015 CanMEDS framework to instill and sustain compassion, empathy and professional values in the environments in which health professionals learn and work.

Funding source	Royal College
Budget	<ul style="list-style-type: none"> \$25,000 An amount equivalent to 75 per cent of the grant will be disbursed upon project commencement, and 25 per cent upon project completion and receipt of a final report.

[Royal College/Associated Medical Services CanMEDS Research Development Grant - Special Call for Proposals: Royal College & AMS/Phoenix Call-to-Caring Funding](#)

Overview: Supports research development or implementation of projects that advance competency-based training and assessment for specialists.

Funding source	Royal College
Budget	<ul style="list-style-type: none"> Up to \$25,000

[Royal College: Medical Education Research Grant](#)

Overview: This grant supports quality research in Canada that will advance the field of postgraduate medical education or continuing professional development. Decisions regarding allocation of this grant, ranging from \$5,000 up to \$50,000, will be made on an ad hoc basis.

Funding Source	Royal College
Budget	<ul style="list-style-type: none"> Ranging from \$5,000 up to \$50,000 Budget and justification must be provided in a one-page outline. Please refer to budgetary guidelines appended to the application form. Please make this consistent with the CanMEDS or vice versa.

Royal College: Robert Maudsley Fellowship for Studies in Medical Education

Overview: The program helps specialists acquire knowledge and skills in the field of medical education in order to develop educational programs, evaluation methods and medical education research.

Funding Source	Royal College
Budget	<ul style="list-style-type: none"> Up to \$40,000 per year, up to 2 years

Royal College: Strategic Initiative Grant
